ConnectiKids Programming

22 Students. Two Partners. One Shared Mission.

The ConnectiKids Youth Empowered Support Program is officially underway for the 2026–2027 school year! We are excited to welcome 22 students in grades 9–12 to this impactful program.

This twice-weekly program is a collaboration between ConnectiKids and our valued partner, Everyday Democracy, providing students with opportunities for personal growth, leadership development, and meaningful engagement.

- Tuesdays: ConnectiKids will facilitate mentoring, enrichment activities, and youth development programming.
- Thursdays: Everyday Democracy will lead sessions focused on civic engagement, dialogue, and community leadership.

As our programs continue to grow and reach more students, we are launching the ConnectiKids Giving Hub. Open year-round, the Giving Hub provides an opportunity for community members to directly support our students and the daily programming that helps them learn, grow, and thrive.

80% of campers visited a new place for the very first time this past summer

The students featured here represent the heart of ConnectiKids. Over the years, we've watched young people discover their confidence, strengthen their academic skills, build meaningful relationships, and unlock opportunities that help shape their futures.

We provide tutoring, mentoring, enrichment, leadership development, and summer program each year. Every photo tells a story. Every donation helps create the next one.

Whether you contribute $25, $100, or any amount that is meaningful to you, your generosity directly supports the students who count on ConnectiKids for encouragement, guidance, and opportunity.

Together, we can empower the next generation, one connection at a time.
